GCSE French Listening Higher tier

Paper 2 Mark scheme

There are no marks for quality of language or spelling in this paper, therefore errors in the French script will be tolerated as long as the message is not ambiguous and it does not prevent communication. Such errors include where a candidate has mis-copied a French word or name.

Assessment criteria for Section B: Dictation

SECTION B: DICTATION (10 marks)

Students will listen to a series of short extracts and will transcribe what they hear into French. Students will be rewarded for each individual word spelled appropriately and which demonstrates knowledge and understanding of Sound Symbol Correspondences (SSCs). The number of rewardable words will then be given a mark on a sliding scale of 1 to 10 as shown in the grid below.

Mark	Number of rewardable words
10	28-30
9	25-27
8	22-24
7	19-21
6	16-18
5	13-15
4	10-12
3	7-9
2	4-6
1	1-3
0	0

Rewardable words encompass the following categories:

1. Words spelled exactly as in the transcript (NB: words in brackets are part of the rubric and are not part of the test):

    1. (Le) meilleur fruit (est la) banane*.
    2. (J'aime) aussi (les) pêches* (et les) poires*.
    3. Je veux devenir végétarien.
    4. J'évite la viande et le poisson.
    5. Il faut manger de la nourriture saine.
    6. On doit boire beaucoup d'eau.

2. In acknowledgement that many grammatical/morphological differences cannot be heard when spoken, spellings with **grammatical/morphological inaccuracies,** that do not change the pronunciation of the words, are rewarded. Examples of **grammatically based spelling inaccuracies** that will be rewarded:

    - *deux maison* instead of *deux maisons*
    - *je veut* instead of j*e veux*

3. In acknowledgement that some SSCs have the same sound but different spellings, any spellings that do not change the pronunciation of the word and where the word is still recognisable, are rewarded. Examples of **sound spellings** that will be rewarded:

    - double consonants: *addore* instead of *adore*, *fammille* instead of *famille*, *nouriture* instead of *nourriture*
    - extra letter: *sœure* instead of *sœur*

* Non-vocabulary list words

Non-rewardable spellings encompass the following categories:

4. Mis-spellings due to incorrect application of SSCs, even if the word looks recognisable, e.g. *violin* instead of *violon*, *frere* instead of *frère*. If in doubt, examiners should read the words the students have written back out loud to themselves, using the correct SSC for the written symbols, to ensure that the spelling produces the correct sound.

5. Mis-spellings which are written phonetically, and which may contain appropriate SSCs, but which are so inaccurate that the words are unrecognisable if seen on their own in isolation, outside the context of the sentence, e.g. *seur* (***sœur***) outside the sentence *Ma **seur** chante bien; gatto* in the sentence *Le **gatto** (**gâteau**) au chocolat est bon.* If in doubt, examiners should write the word out separately and ask themselves if they would understand the word if written in isolation.

Exemplification of mark scheme

Key to the script used in example student answers:

Category 1 (rewardable): words spelled exactly as in the transcript (no bold, underlining, strikethrough or italics)

Category 2 (rewardable): words with grammatical /morphological inaccuracies (**bold, with some parts under<u>lined</u>**)

Category 3 (rewardable): recognisable words with SSCs that have the same sound but different spellings (***bold and italics***)

Category 4 (non-rewardable): words with mis-spellings due to incorrect application of SSC (*~~italics and strikethrough~~*)

Category 5 (non-rewardable): words written phonetically but which are not recognisable out of context (~~strikethrough~~)

(Words in brackets are part of the rubric and are not part of the test)
